

A tremendous loss

Dear Allen Harbor Marine Service customer, it is with a very heavy heart that I inform you that we have lost our dear friend and wonderful long-time employee, Julie Bradley, to the Corona Virus.

Julie had been with the company for almost 10 years. She was a vital part of the everyday workings of the business, selling boats, engines and trailers, handling all of the administrative duties for the sales department, assisting the accounting department and providing administrative support for me. Julie also directed the bulk of our marketing efforts and was the ultimate “social director”, setting up all of our company parties and functions. She also played a vital role in the preparations for our annual 4th of July fishing tournament and customer appreciation party. This event could not have happened without Julie’s tireless efforts.

Any Allen Harbor employee would tell you that they looked forward to seeing Julie every day. Her beautiful smile and terrific sense of humor could brighten even the most stressful of days during the spring rush. On a personal note, I could always count on Julie to take my sons for a walk or let them play on the new inflatables if I needed some time to come in and get something done on a day off. They both loved her dearly. Julie was a true part of the foundation of the business over the last several years and will be greatly missed.

Julie is survived by her husband Joel, daughter Amelia Tracy, son-in-law Christian Tracy and precious granddaughter Pearl along with a large extended family and countless friends.

Please keep Julie's family, friends and co-workers in your thoughts and prayers during this unbelievably difficult time. Please send any condolences or memories of Julie to me at craig@allenharbor.com and I will forward them along to her family.

Thank you.
